The Affluence Network Introduction

The Affluence Network was the development from an internet marketing professional that has been in practice for 24 years. The term, “Internet Marketer” is a broad-based term that was once referenced for exactly what it was called but in more recent years is more looked upon the strategy that many refer to as a people that “make money online”.

The Affluence Network was built with both the educational practices on the best ways to make money online along with a hybrid affiliate program that allows members to earn exponential commissions by referring others through a sharing in the wealth of knowledge theory.

Any successful “internet marketer” will have several internet software they would use to achieve success through all sub-niche categories considered in the internet marketing sphere. These tools consist of an email autoresponder, Search Engine Optimization tools, Video Creation and Ranking Tools, Website Building Tools and more. All of which play a heavy hand in the success or failure online. Typically, a professional internet marketer could pay upwards of \$2000 per month for these services which are commonly referred to as SaaS’s (Software as a Service). These services charge anywhere from \$47 per month to as high as \$397 per month for the convenience of being able to email thousands of people one time and speeding up manual processes that would typically take days or even weeks to do manually.

The Affluence Network upon its official Grand Launch on January 16th, 2017 will host 20+ SaaS’s for its members in the company’s entry level of access. The entry level of access is also referred to as the Bronze level in which members of the services will pay a nominal fee of only \$97 per month. Included in their membership fees is a list of educational courses, the 20+ SaaS’s, access to several world renown instructors that have had ultimate success in their sub-niche core topics and the opportunity to become a corporate affiliate to earn within the system. These instructors have provided courses that reveal all the most successful strategies that top-level internet marketers are using to achieve great success online and

are the most current and up to date educational tutorials for each topic. These tutorials/courses are available in a section called the library within the membership dashboard of the Affluence Network. The SaaS's are available in a section called Apps within the same dashboard.

The creator of the Affluence Network wanted to develop a system so strong in providing the ability to amass great success online that the question of failure was not a possibility. Not only do the members receive the same kinds of great tools most successful marketers use and the education in all areas that are required to achieve success online, when the members make their monthly payment within the system each month, they are also given a bonus in the Affluence Networks' very own crypto currencies.

The Affluence Network is made up of 5 levels of services and compensation for affiliates. The first level is considered the bronze level and is \$97 per month as previously mentioned. It provides all the basics for introductory levels of earning online and can create a modest living for participants. This is open to everyone. A potential member can sign up for a free "trial" account where they can enter the system and preview a small part of the courses and tools for 30 days but will not be able to use them for their own purposes until they become a paid "qualified" member. Once they have activated their account by signing up as a paid member, they get

access to all the Bronze level services, courses and receive an equal amount of the bronze TAN tokens (cryptocurrency). They are also invited to become an affiliate to the Affluence Network.

Being a corporate affiliate to the Affluence Network has its perks as members receive in-depth training to successful practices in achieving the highest affiliate commissions possible as well as having the opportunity to access more SaaS's, more beneficial education and higher commission opportunities through the company's affiliate programs. This initial level is considered to be the **Bronze Level** or the entry level within the network.

There are higher achievement levels that cannot be accessed by standard (non-affiliate members) within the Affluence Network. These levels are referred to as follows:

- **Silver Accelerator Level**
- **Gold Accelerator Level**
- **Platinum Accelerator Level**
- **Diamond Accelerator Level** (The highest level achievable in the Affluence Network)

Each of these "Secret Affiliate" Levels (or as referred to in the system as Accelerator Levels) are achieved by the amount of qualifying sales the affiliate achieves within the AN Network. The model is designed so that the members achieve and receive through first education and then practical application as active affiliates. If they are not willing to commit themselves and implement the strategies then it is implied that they really don't want to achieve success, therefore only causing grief and refunds later down the road for corporate management. The Affluence Network only wants to work with affiliates that wish to be achievers or what's referred to in the industry as "Do'ers". Although, potential customers can access the system for free, they will be able to quickly decide if the system is for them or not. It is not

mandatory that a member become an affiliate. We welcome members from around the world that wish to only use our services.

As the name implies, We become Affluent through Social Influence and Education and Application.

The levels of education match the tools accessible at each level of accomplishment for T.A.N. members. We believe that the accelerator levels should only be accessible to those striving for complete success and because the commissions for our affiliates are some of the extreme best in the industry there is no better system to learn on than our own affiliate program.

On top of these highly educational courses with world leading instructors and beneficial SaaS's, the Affluence Network leads the way in cryptocurrency innovations that will start to really show in the first quarter of 2017. Within the Bronze Level dashboard to the Affluence Network members will find an Affluential Wallet.

The reasoning behind this is for the safe storage of AN's most coveted bonus which is a matching cryptocurrency for each level of the compensation levels within the network.

There is a reason that the Affluence Network has 2 Factor Authentication for both logging into AN's dashboard and then again into the Affluential Wallet. This is for the simple fact that this tool is to house and store you're T.A.N. valuables in the form of our very own Cryptocurrencies that will be available and tradable on multiple exchanges around the World.

For each payment members make for each of their Business Centers in the Bronze level and each of their participating Accelerator levels, they will receive equivalent amounts in the company's own bullion backed cryptocurrencies. Each of the (5) cryptocurrencies are Ethereum Smart Contract based and are classified as crypto-tokens. Each are backed by either other cryptocurrencies or physical bullion. The details to this information is being limited currently until our pre-launch period but will be a crowd pleaser without any doubt. Each have been created as a store of value and for long term gains with a major upside.

We are aware of the value of this knowledge so we are keeping the details close our chest until the company is officially under way.

The Affluence Network Industry Leading Instructors

T.A.N. is all about wealth creation through education and awareness. Although most of the upper management of the Affluence Network is well versed and educated in most practices we preach, the company decided to retain the world's best instructors on their sub-niche topics that are considered within the Internet Marketing sphere as being the best within the most effective ways to find success on the internet. These instructors have been hand-picked by upper management for their abilities in being easy to understand, their obvious proof of success using their own strategies and their ability to communicate with others. These people are considered to be the second to none in their industry and we look forward

to them grooming our members to get the most out of their education within the network. We welcome them all with open arms to The Affluence Network and what they bring to our members. Without them, T.A.N. would have a far greater challenge to provide all the necessary education our members need to succeed.

Affluence Network Affiliate Compensation Plan

Bronze Compensation Plan (Entry Level)

The bronze level could be compared to a network marketing binary compensation plan and is applicable to sales of the \$97 monthly product portfolio or the entry level system. To qualify, affiliates must make 2 initial sales to others (Not themselves) to fully activate their affiliate position. Sales are placed into left and right legs under active participating members. The goal is to balance the left and right legs, since affiliates are paid commission based on the smaller of the two legs. After their first 2 qualifying sales, affiliates earn a \$10 commission per sale in their smaller leg for each sale that affiliates or ANYONE IN THEIR DOWNLINE makes, to infinite depth. To prevent more commission from being paid out than sales taken in, there is a maximum amount of \$2500 that any one position can earn each month, and when an affiliate reaches that maximum, affiliates are given a “new position” (ie. AN Business Center) automatically to continue building the downline of their first position, so their total earnings can continue to grow and grow.

In this example, position “A” has sold to “B” and “C”, who are also affiliates. “A” is then qualified, but does not receive commission for those two sales,

since they are qualifying sales. The totals on the lines to the left and right of "A", "B" and "C" indicate the number of eligible downline sales for commission. "A" commission of \$10 per eligible downline sale is paid for EACH of the sales in the smaller leg. "A" has 24 on the left, and 14 on the right. So, "A" earns a commission of \$10 for each sale on the smaller side (14), for a total of $\$10 \times 14 = \140 . "B" has 12 on the left side, and 10 on the right, so "B" earns $\$10 \times 10 = \100 . "C" has 6 on each side, so C earns $\$10 \times 6 = \60 .

The power of the Hybrid-Binary Compensation plan is that affiliates **ONLY HAVE TO MAKE 2 PERSONAL SALES**. After that a participating Affluence Affiliate just helps their downline make sales, so they can profit. Any sales the affiliate makes beyond the first two will not only earn them more money, but will help their downline qualify faster, and earn them -- and **THE AFFILIATES** -- even more. Affiliates get paid on the sales of their ENTIRE DOWNLINE.

Here affiliates are now in profit! This is generated from both direct and indirect sales.

Take-Away Notes for the Qualifying Bronze Level of Access:

Think of it this way, because it is very simple. Once an affiliate qualifies after making 2 personal sales, every time a sale is made, by the affiliate or anyone in their downline, the affiliates increase their earnings. Imagine having three, four or five people all working for you as an affiliate, each generating sales for each business center an affiliate holds (Note: A business center is another name for position held within a given comp plan). Now, think about how much money an affiliate can make when they have **DOZENS** or even **HUNDREDS** of people - **EACH** all working to generate sales for the business centers a member affiliate holds - all around the world, and all around the clock. This is what every internet marketer and product creator has always dreamed of but few achieve. With The Affluence Network, everyone that qualifies achieves this for the life of

the company as long as they continue to pay for their membership services as well.

Since each affiliate member gets another position (ie. AN Business Center), downline of its first position once it reaches this maximum payout level, the member still earns the \$2,500, plus all earnings from the new position until it maxes out at \$2,500, and then a new position is created again, thus infinite growth and infinite earnings. The overall earnings potential of each member is unlimited.

The participating affiliate MUST qualify by selling two positions in the main system for two reasons. 1.) To commence life-time commissions and 2.) To be invited into the Accelerator program where earnings are accumulated much faster. Without the (2) qualifying leads (Paid members), the Accelerator program will not be unlocked and the AN Affiliate will not be invited until this commitment is made. (Action = Rewards)

The Affluence Network was designed with success in mind and thus the qualifying leads was developed. By achieving these qualifiers, we essentially help our members pave their own ways to success. This covers their monthly fees to be a part of the system so all further sales commissions go directly in their pocket. It is highly recommended that affiliates do not stop at only their two qualifiers as there is a wealth of knowledge in the Affluence Network for their associates but by inviting more qualified sales, affiliates pave their own road to success!

(Please note: As the system builds you a new Business Center upon earning their maximum commissions for the previous center, the affiliate will be required to pay that next additional monthly fee for the newly activated center to continue their income growth. This is done automatically and is deducted from the active affiliates commissions and never comes from their own pockets past their initial membership fees. As this occurs, members will be able to access additional "hidden software and courses" for their growth monthly fees as TAN evolves.)

After You Have Achieved Your Two Qualifying Members into the Affluence Network...

You Will Want to Activate Your Accelerator Positions as Soon as Possible!

You are in profit with just 3 sales--

You earn a commission on every Affluent Accelerator direct sale you make, except your 3rd, 5th, and 7th sales. These commissions get passed up to the next qualified sponsor in your upline. In return, you will now receive all 3rd, 5th, and 7th sales commissions generated under you, which stems from any direct affiliate members you referred, (from your direct sales 1,2,4,6,8 and beyond to infinity). Each affiliate member earns infinitely wide (except their pass up sales 3,5,7) And infinitely deep (each member collects all commissions created under their genealogy tree, which are numbered 3,5,7, that fall under their direct sales 1,2,4,6,8 to infinity), monthly. These "pass ups" are known as powerline (aka payline) sales. Although these may be looked upon in a negative light, this is typically confusing initially for members until they realize that the bulk of their earnings will transpire from these paylines as they build out their Accelerator qualifying positions...

Incredible Leverage - Behold, the power of 3!

The progression of your powerline pass up commissions is multiplied by 3 each level down the leg (assuming each member becomes an affiliate, and makes at least 7 sales). 1st level is 3 (your first qualified member must pass up 3 commissions to you), 2nd level is 9 (each of those 3 who got passed up to you, must give you 3 more pass ups), 3rd level is 27, the 4th level is 81, the 5th level is 243 - keep multiplying times 3 each level down you go. And this all stems from **just one qualified sale** (in this case, your 1st sale). It should be every active Affluent Accelerator member's goal to find 8 interested parties that will participate in the 4 Affluent Accelerator Programs to maximize their commission potential.

Accelerator Chart Example

Your income potential can literally multiply itself, ~~exponentially and automatically~~. This process can repeat itself over and over and over again with every sale you make. The easy potential for 4, 5, 6 and even 7 figure commissions monthly is highly possible.

The Affluence Network has 4 separate and highly powerful Accelerator Programs for Affiliates ONLY! Meaning the products inside each Accelerator Program is ONLY for qualifying affiliates.

(Remember: A qualified affiliate is someone that is a paid member of The Affluence Network, then joined the TAN affiliate program and has invited two people to become paid members themselves and registered to become affiliates.)

To achieve access to each new Accelerator program from the previous one, each affiliate MUST also qualify for each new level. To qualify you MUST invite (3) active (paid) members from your initial compensation invites to the Silver Accelerator (Entry Level). These qualified members MUST be qualified affiliates from the initial Affluence Network system (also to be considered as the Bronze Level). If they are not qualified affiliate members themselves, they will be blocked from the invite of the Affluent Accelerator Programs until they have reached qualifying status and will only be able to see the preview to these programs. These previews will display the products available to each Accelerator Program and the compensation examples they can achieve.

Compensation Examples by Levels:

Silver Accelerator Compensation Plan Example:

Monthly Payment \$147 – COMPENSATION BREAKDOWN: Admin fee is \$73.50, sponsor gets \$73.50. The sponsor needs 5 sales (\$367.50), they NET \$220.50 (after their cost to join the Silver Level), so now they have earned more than enough to join the Gold Level after they have successfully activated their 3 qualifying members in the Silver Level.

(**Reminder:** To become a member of the Silver Level, you must invite 2 qualified (paid) members in the Bronze (entry) level.)

Gold Accelerator Compensation Plan Example:

Monthly Payment \$197 – COMPENSATION BREAKDOWN: Admin fee is \$98.50, sponsor gets \$98.50. The sponsor needs 5 sales (\$492.50), they NET \$295.50 (after their monthly cost), so now they have earned more than enough to join the Platinum Level after they have successfully activated their 3 qualifying members in the Gold Level.

(**Reminder:** To become a member of the Gold Level, you must invite 3 qualified (paid) members in the Silver level.)

Platinum Accelerator Compensation Plan Example:

Monthly Payment \$247 – COMPENSATION BREAKDOWN: Admin fee is \$123.50, sponsor gets \$123.50. The sponsor needs 5 sales (\$617.50), they NET \$370.50 (after their cost), so now they earned more than enough to join the Affluence Network's Highest Affiliate Level, the Diamond Level after they have successfully activated their 3 qualifying members in the Platinum Level.

(**Reminder:** To become a member of the Platinum Level, you must invite 3 qualified (paid) members in the Gold level.)

Diamond Accelerator Compensation Plan Example:

Monthly Payment \$297 - – COMPENSATION BREAKDOWN: Admin fee is \$148.50, sponsor gets \$148.50. At this level the member becomes a Diamond Level advisor and will be asked to speak on behalf of the company at corporate events. The education and tools at this level will provide the members with multiple sources of income on the highest standard of online education. Their incomes become infinite without further restrictions or qualifications. The potential for mass affiliate commissions becomes exceptionally easy.

(**Reminder:** To become a member of the Diamond Level, you must invite 3 qualified (paid) members in the Platinum level.)

TAKE-AWAY NOTES: All sales on the above Accelerator chart go to you (except your direct sales of 3,5 and 7 which are passed up to your sponsor), additionally you earn those from your direct sales as well, (payline sales commissions of 3,5,7 on each direct and indirect sales initiated by you), and while only 3 "powerline levels" are shown here (for simplicity), powerline sales do not end there. Actual powerlines may run **infinitely deep** (so long as there is continued growth below). The above example represents possible commissions you can make, stemming from just one sale, if that member and all members below them become affiliates, and they all make at least 8 sales. This is the best-case scenario, which is highly unlikely to happen, but that's not the point. The point is - this comp plan has amazing potential - and you have tremendous leverage with your affiliate powerline team members who DO make a success of the system. It is important for members to recognize who has the potential to help you achieve these numbers and assist them wherever possible.

Although you only require "3" qualified members in order to access the next Accelerator Level, it is recommended to achieve a minimum of 8 sales to qualified members so that you guarantee your future success as not all members will have the drive or desire to achieve success as much as you.

With the Affluence Network your income potential can literally multiply itself, exponentially and automatically! This process can repeat itself over and over again with every sale you make. The Affluence Network was created to help those seeking success, achieves it in the easiest and most educated ways possible. Selling online and affiliate marketing is two of the key factors we focus on in the Affluence Network and members are encouraged to participate in order to properly learn all education and strategies within.

Although there have been and will continue to be many multi-tiered affiliate programs that pay decently, none have ever attempted this scale of value and education. The combination of the education, tools (Software as a Service or SaaS's) and our affiliate program is here to simplify wealth creation for those that are willing to apply themselves in the easiest ways possible.

Commissions and Payouts

Although new members into the Affluence Network are paid currently through credit card, that will soon change as there is less stress and confusion by doing everything in Bitcoin. However initially all payments will be initially accepted via credit card and all commissions will be paid out via Bitcoin to each affiliates wallet. These instructions are exceptionally easy to follow and we will teach every member how to handle, trade and sell their crypto currencies for USD if they so desire.

All commissions are calculated and kept track of in the admin dashboard for all affiliates and is automatically paid the day after your initial sign up anniversary date, monthly. This is the first system of its kind and is fully automated. Unlike so many older outdated systems, affiliate's commissions will never be miscalculated, missed or late for a commission payment ever again. Affiliates have dedicated special training when joining the system that teaches every aspect of understanding for Bitcoin and receiving their commission payments so no confusion is ever created.

Take-Away Note: All dollar commissions and fees are calculated in the Affluence Network in United States currency and paid out in Bitcoin at the proper calculated conversions from WorldCoinIndex.com on each date of payment.

The Vision Beyond “The System”

The Affluence Network has been a long-term vision of Troy James. The vision is one that helps millions of people around the world become financially free and to ultimately share the wealth with those in need.

With a vast successful membership, there are no challenges the world faces that our organization can not assist in helping. From natural disasters, to famine, to disease, blood donations, local charities, clean water initiatives, endangered species programs and more. It is no surprise that the world is in strife and correcting the problems on a global scale will not come from governments and authorities as we have seen in our past, it will come from the people that care.

The populations of the world hire our governments and demand change where needed but this model is broken. The entire globe is in financial crisis and no one can provide the answers on how to fix these global problems. A network of like minded people can assist governments, organizations and cultures see through problems by helping situations that need it the most. Unfortunately, this requires funding and leaders. T.A.N. was designed to help create wealth and find the leaders in our industry to help lead the way in making planet earth a place where everyone can live in harmony and without grief.

Although this is a far-off dream, larger things have been accomplished and it all started somewhere. If we don't try to help ourselves by helping others we will never know what could have been...

The goal is to build, educate and help the world in its times of need.

“I see this as an opportunity for the world to be a part of a force much greater than just one voice. By helping others, we help ourselves and become a part of something beautiful for many decades to come.”

Troy R. James

Conclusions

The Affluence Network believes that teaching the proper way combines gamification with education and remuneration based on performance and leading by example.

No one person can be truly successful in a field unless they have practiced and perfected their science or trade. Everything in the sector classified as “Internet Marketing” can be broken down into a science or a trade. Everyone in the operations and management of The Affluence Network is the best at what they do and thus can influence by experience.

T.A.N. is not just a platform to “make money”, it is about something much larger with a purpose and a meaning. It can invoke change and help on a global scale to assist in making this planet a better place to live in. A place that does not look at race, religion, gender or stature.

“We” see and work with like minded individuals to outperform other options to achieve success on a global scale without borders.

As a network, we will redefine the term success on a greater scale than any other platform, past or present!

T.A.N. builds greatness on all levels for those that wish to participate.

We would like to personally thank you for taking the time to consider T.A.N. By giving you a **COMPLIMENTARY 30 DAY FREE TRIAL.**
